Privacy Policy

Notice on the processing of personal data of the myDewetra portal

Updated version | 14 October 2026

Purpose and scope

This notice describes the processing of personal data of users who visit, request accreditation, access or use the myDewetra portal at https://www.mydewetra.org and connected applications. It does not cover external websites reached through links, which operate under their own notices.

This notice is provided pursuant to Art. 13 of Regulation (EU) 2016/679 (GDPR) and applicable national legislation, including Legislative Decree 196/2003 as amended by Legislative Decree 101/2018.

Controller, DPO and involved parties

The Data Controller is the National Civil Protection Department (is a structure of the Presidency of the Council of Ministers) located at Via Ulpiano 11 – 00193 Rome – Italy.

The Data Protection Officer (DPO) can be contacted at the following addresses:

e-mail PEC: protezionecivile@pec.governo.it

e-mail: responsabileprotezionedatidpc@protezionecivile.it

Fondazione CIMA processes data for activities connected with the portal and, where necessary, uses third parties bound by suitable agreements.

Parties acting on behalf of Fondazione CIMA are bound by suitable agreements and instructions on personal-data protection.

Categories and sources of data

- Identification and professional data: first name, surname, organization or entity, role, qualifications and authorizations.
- Contact data: email address, telephone number and other contact details.
- Account and authentication data: username, internal identifiers, application roles, outcomes and metadata of login through Microsoft or Google; the portal should not receive the Identity Provider password.
- Technical and security data: IP address, date and time, logs, user agent, device, authentication events and activities necessary for security and diagnosis.
- Data and content entered in applications: information, documents, attachments, assessments and metadata uploaded or produced through authorized functions.
- Support and communication data: requests, reports, attachments and contact history.
- Cookies and online identifiers: described in the Cookie Policy.

Data may be supplied by the user, their organization, authorized administrators, selected Identity Providers or generated automatically during portal use. If data are not collected directly from the data subject, the information required by Art. 14 GDPR must also be provided.

In particular, first name, surname, email address, telephone number and other contact data may be collected through portal forms, support requests or messages sent to the indicated channels. Only data necessary to respond to the request or provide the service are processed.

The portal does not request special categories of data or data relating to criminal convictions and offenses, except for specifically authorized functions and legal bases. Users must not enter unnecessary data. Any excessive data must be handled under a verified procedure, including backup and retention obligations.

The provision of special categories of personal data or data relating to criminal convictions and offenses is not required; unnecessary data of this nature supplied spontaneously will be deleted.

Purposes, legal bases and retention

Data are processed only for the time strictly necessary for the stated purposes and in compliance with applicable legal obligations.

Purposes include accreditation and access, user management and support, compliance with legal obligations or authority orders, archiving and statistical analysis, and any informational updates connected with the portal.

Purpose	Legal basis	Main data	Retention
Accreditation, account and access	Art. 6(1)(e) GDPR; possible Art. 6(1)(c)	Identity, entity, role, account, authentication	Active account + necessary period

Purpose	Legal basis	Main data	Retention
Provision of authorised functions	Art. 6(1)(e) GDPR	Profile, activity, content and metadata	Necessary period
Support and user management	Art. 6(1)(e); Art. 6(1)(c) for privacy requests	Contacts, tickets, attachments, history	Necessary period for request
Security, abuse prevention and diagnosis	Art. 6(1)(c)/(e) GDPR	IP address, logs, events, device	Necessary period for security
Legal obligations and authority orders	Art. 6(1)(c) GDPR	Data requested by law/authority	Periods required by law
Protection and defence of rights	Art. 6(1)(e)/(c); possible Art. 9(2)(f)	Data relevant to the dispute	Dispute duration + limitation periods
Operational communications	Art. 6(1)(e) GDPR	Contacts, account, technical preferences	Account duration + necessary period
Optional email/SMS updates	Consent under Art. 6(1)(a) or another legal basis	Contacts and proof of choice	Until withdrawal + necessary proof period
Statistics, archiving and research	Art. 6(1)(e) and Art. 89; anonymisation preferred	Minimised/ aggregated data	Necessary period

Data provision

Data marked as necessary for accreditation, security or a requested function must be provided to access the relevant service. Failure to provide them prevents opening or using the relevant account or function.

Data required by law follow the applicable rules. Data and consent relating to optional communications are not necessary for the main functions and may be refused or withdrawn without consequences for the essential service.

The Controller collects and processes adequate, relevant data limited to what is necessary for the declared purposes.

Methods and security

Data are processed mainly with electronic tools and telematic networks and, where necessary, also through paper documents. The Controller and authorized parties adopt technical and

organizational measures appropriate to the risk, including access management, security-event logging, communications protection, backups and incident-response procedures.

No system can guarantee absolute security. Measures and public statements must correspond to the actual configuration and agreed responsibilities.

Recipients and processors

Data may be processed by personnel authorized by the Controller and, within their respective functions, by providers of hosting, infrastructure, authentication, maintenance, support, communications and security.

Fondazione CIMA, with registered office at Via Armando Magliotto 2, 17100 Savona, may perform activities connected with the portal and use third parties for service-related activities.

Third parties acting on behalf of Fondazione CIMA are appointed processors where required by Art. 28 GDPR and receive appropriate instructions.

Data may be disclosed to authorities and other parties where provided by law, for a public task or to protect rights. Data are not disseminated except on a specific legal basis or for a declared and authorized function.

International transfers

Data are not transferred to countries outside the European Union, except where potentially necessary for technical services provided by third parties and subject to the safeguards required by the GDPR.

Automated decisions and profiling

The portal does not make decisions based solely on automated processing that produces legal or similarly significant effects on the user and does not conduct commercial profiling.

Children

The portal is intended for authorized operators and parties and is not designed for autonomous use by minors.

Data-subject rights

Where applicable, the User may exercise the rights under Articles 15 et seq. GDPR, including the right to request rectification, restriction or erasure of registration data.

Requests may be sent to the DPO at responsabileprotezionedatidpc@protezionecivile.it

The Controller responds within the periods provided by the GDPR.

The data subject may lodge a complaint with the Italian Data Protection Authority or another competent supervisory authority and may exercise the judicial remedies provided by law.

Cookies and similar technologies

Details on cookies, localStorage, external services and preference management are contained in the:

myDewetra Cookie Policy.

Changes

This notice must be updated when purposes, data, legal bases, providers, transfers or retention change. Relevant changes are communicated proportionately before taking effect, where required.
